

Preservation Field School *Art, Architecture, History*

San Gemini Preservation Studies

San Gemini Preservation Studies is a series of courses, field projects and tours aimed at fostering the preservation of cultural heritage. The program offers students both theoretical knowledge in the classroom and hands-on skills on field projects. The program also includes field trips in central Italy to places of general cultural and historical interest along with visits to sites currently undergoing professional restoration.

The program is interdisciplinary, open to any students interested in conservation and the preservation of cultural heritage.

May 24 - August 9

Courses offered (3 credits each):

- Introduction to Art Restoration in Italy
- Surveying and Analyzing Historic Buildings
- Traditional Painting Methods and Restoration Techniques
- Preservation Theory and Practice in Italy

Ongoing Field Projects:

- Surveying the Church of San Giovanni Battista in San Gemini complex (12th-Century)
- Surveying the Church of Santo Gemine (14th-Century)
- Archaeological Survey of the Roman Public Baths in Carsulae
